D. Collections

I. January 2019 Collections Report

There were 8 proposed donations for the board to evaluate this month. Donors included: Jim Edwards, Norman Grams, Elsie Sicks, Ken Geer, Angelina Duffy, Marilyn Bowersox, Susan Callison, and the Campbell County Historical Society. A full report with donors, objects, and recommendations was given to each board member along with two inventories for the Edwards and Duffy donations.

A motion was made by Kelcie Hughes to approve the staff recommendations regarding the donations; seconded by Rita Cossitt Mueller. Motion passed unanimously.

II. Proposed Deaccessions

There was one deaccession this month and it was a copy of *The Life & Sacred Times of Timber Jack Joe* that will be replaced by the other edition that is in better condition and is signed by the author.

A motion was made by Rita Cossitt Mueller to deaccession the one item on the proposed deaccession list as recommended by the staff; seconded by Sherry Lowell. Motion passed unanimously.

III. Wagon Restoration Project

Director Henning updated the board on a project to repair and restore one of the ranch wagons that was deaccessioned in previous years. The plan is to take the best parts of the three wagons to make one complete wagon.

E. Museum Program/Exhibit Report

I. Education Report from Education Coordinator Penny Schroder

Board reviewed report, no discussion.

II. Visitation Report – The museum served **631** guests in December which was 115 under last December for a decrease of 15.4%.

For the year, visitation increased from 13,269 to **13,576** for a small increase of 307 or 2.3%. Visitation has grown four years in a row and this year set a new 23 year high. The only year unsurpassed is 1995 when the museum had 14,845 visitors. The full attendance chart by categories that Ms. Schroder prepared, and the 1990-2018 visitation chart were handed out to the board.

Slower this December than last year, but the year had growth. Possible reason that 1995 had higher visitation is because there were more programs. We would like to get more programs going when we hire the new Museum Educator.

III. Exhibitions Update

Director Henning updated the board on exhibit work. *Campbell County in the Great War* ends this upcoming Saturday. *Dear Folks: Letters Home* is the next exhibit in our gallery space. The letters will be read by a family member and recorded so once the phone is picked up a recording plays the audio letter.

F. Old Business

I. Strategic Planning Update – Sherry Lowell and Robert Henning

An updated draft of the strategic plan has been produced. Sherry and Robert gave the board copies for Saturday’s planning workshop to go over the vision and five strategic goals for the museum. Once the board establishes the five strategic goals, we need to start on the objectives and action items. Tami Bishop stated actions need to be at staff level. Director Henning agreed.

II. Museum Educator Position

a. Update on Applications

Board discussed the need for someone that is energetic, engaging, educational, and enthusiastic. This position will be focusing on adult education and public programming. This position is open for another week.

b. Questions for Interviews

Director Henning asked the board for any questions we may have for the interviews.

III. Staff Management / Task Schedules

The task schedules are not proving to be as effective as Director Henning thought they might. He is still getting feedback, but it’s not the info/feedback he would have hoped for. The Task Schedules are being used more as a work tracking tool and not a project management tool. Director Henning will end the use of these and seek other options for project and staff management.

IV. FY19-20 Budget

a. Budget Message from Commissioners

The board was given a copy of this year's budget message.

b. Board Budget Requests

One suggestion for Director Henning was for more computers and more work space as volunteers are needing to bring personal computers and have a hard time finding room to do their tasks.

V. CWAM 2019

a. Update on Conference Planning

Director Henning gave a brief update on conference planning. The Arbuckle Lodge may be the conference hotel due to its proximity with CAM-PLEX.

b. Board Assistance with Conference

Director Henning stated that there may be opportunities for the board to help with the conference planning in the coming weeks.

G. New Business

I. Legislative Issues

Director Henning updated the board on the following legislation:

- a. HB0066 Statewide Lodging Tax
- b. HB0093 Tourism Improvement Districts
- c. Museum District Formation Laws

There are currently no proposed changes to district law.

d. American Alliance of Museum Advocacy Day in Washington D.C.

Robert is planning to attend the American Alliance of Museum Advocacy Day in February 2020. This way he can meet our delegation and hope to speak about Museums in Wyoming.

II. Administrative Updates

a. Presentation to New Commissioners

Director Henning made a presentation to the three new commissioners about the Rockpile Museum and our current challenges. Much of the discussion centered around storage problems. Director Henning also mentioned some need for more staff but made no specific request. The Rockpile Museum needs a curator. Someone who can research, write, and build exhibits as their sole job. Currently the Registrar acts as both registrar and curator.

- b. JDQs Completed and Sent to HR
- c. Museum of the Rockies visit in April 2019

Museum of the Rockies in April would like to be done as a Board trip. Rita Cossitt Mueller requested we pursue a visit to the museum in Broadus, Montana.

H. General Discussion

- I. Thank You Letters for this Month

Board requested thank you letters be sent to the following: Lucas Fralick, Mary Kelley, and Greg Bennick.

I. Adjourn

There being no further business Vice-President Tami Bishop adjourned the meeting at 7:47p.m. The next regular board meeting will be held on **February 19th** with dinner at 5:30 p.m. and meeting beginning at 6:00 p.m. Director Henning will be out of the country, but both Angela Beenken and Penny Schroder plan to be in attendance.

2. **2 trays from Big Don's Drive In**
Railroad train order hoop

Although it is shaped like a Y, this message stick is also called a hoop. The Y shape was developed to save the operators time walking to collect the sticks after the messages were delivered. It was used by the railroads to communicate orders to the people driving non-stop trains. From the trackside window on the depot, the telegrapher watched for a train and when he saw it he told the dispatcher, who then decided if he wanted to issue a train order. If the dispatcher did, the telegrapher copied it, rolled up the order, and clipped it onto the "Y" shaped train order stick. The telegrapher placed the order in a string and then threaded it around the stick. The stick was held at the edge of the train platform, close enough the trainmen could grab their orders. The telegrapher held the stick and the trainman took only the string with the order attached in a slip knot.

Square footage of storage space required: 9.55 ft²

Recommendation: Add to Education Collection

3. **Book - War Service: University of Wyoming 1917-1918**

Square footage of storage space required: 0.41 ft²

Recommendation: Add *War Service* into the Education Collection. Decline *The Pilgrim Stranger*.

Education Department Report for the Board Meeting

Chinese New Year family day was held on February 9th with 29 children, 18 adults, 15 volunteers and one County Commissioner attending the event. Ms. Tingting Wofford and her students had the families captivated learning how to write in Chinese and how to wish one another a Happy New Year. Several people shared with the staff that it was one of the best family day events we have hosted.

The Senior outreach program took place on Wednesday, February 13th hosted by Carol Jandreau. Attendees learned about and made old fashioned valentines. The next outreach is scheduled for March 13, with members of the Campbell County Woolgrowers as potential hosts.

The multi-media committee met with a representative of the School District's IT department to talk about our ideas for the Homesteading Educational learning game we are proposing. We learned from that meeting the best platform on which to create the game so it can be used by students. From there we planned to contact three different gaming companies to see who might be available to help us and the potential costs we will be looking at in the future.

March 27th and the WWII day event is drawing ever closer. With that in mind, Robert and I went out to Cam-Plex last week and meet with Carly Klein and our Camp-Plex team to sign the contract and talk about set up possibilities. Contact has been made with Teddi Smothermon of the Powder River playhouse to try and find actors for two of the stations and things are looking promising on that front. Ms. Hinkel from the Thunder Basin High School has agreed to have her consumer science classes make ration recipe cookies again this year. Sixth grade teachers have been sending in the names of their students divided into seven different platoons so that we can create the station rotation for the event. We will be sending out requests for volunteers to help with the event on Facebook and the museum webpage and in emails at the end of the month.

Pioneer school is starting to come together, we have six open dates remaining for schoolmarms -- April 24, 25, 29 and May 1, 6 and 7th. I am waiting to hear back from Carol Jandreau and Mary Beltz about dates they might be able to teach and I have sent out a call to a few more potential teachers.

We hope that you will be able to join us on Tuesday, February 26, 2019, from 6 p.m. to 7:30 p.m. for the opening of our new WWII exhibit "*Dear Folks: Letters Home from WWII.*"
