Goal of 25 participants. There have been 25 since July 1st 16/adult and 9/juvenile.

Goal for screenings, received referral and either held screening meeting or administratively denied, was 15 adult and 10 juvenile. All of 2018 there were 18 adults and 10 juveniles.

Goal for signed up participants, goal was 10 for adults and 5 for juveniles; all of 2018 there were 10 adults and 4 juveniles. Reasons lower for juveniles are: level of care needed, two families not high enough need and the fact juvenile participants are just lower over all.
